WISCONSIN COUNTY, DISTRICT, & STATE FAIRS 2017 ANIMAL HEALTH RULES AND REGULATIONS

SUMMARY

If a fair or livestock exhibition lasts more than 24 hours the sponsors must appoint a licensed Veterinarian to conduct a daily inspection of all livestock at the fair or exhibition. The Veterinarian shall review all records and test results required under ATCP 10.87. If a fair or exhibition lasts less than 24 hours, all records or test results required by ATCP 10.87 shall be reviewed by a licensed Veterinarian or by the show chairperson. Records shall include exhibitors name and address, identification of animals exhibited including number, type and description, documentation to show compliance with disease testing and other health requirements, and the livestock premise code, if any, of the premises from which the animals originate. Fair management must maintain these records for 5 years.

This is a summary of DATCP animal health requirements for exhibition only. These requirements may change due to animal disease emergencies in Wisconsin or other states. It is always advisable to check with the Wisconsin Division of Animal Health website or call (608-224-4872) for the most recent health requirements when planning to exhibit animals. Animals meeting exhibition requirements may not meet all import or movement requirements for other purposes. The fair and WDATCP have the right to make such tests and examinations as may be necessary to determine the disease status of any animal exhibited.

Animals that show evidence of having contagious or infectious diseases may not be commingled (housed/kept) with other animals at a fair, show or other exposition in such a way as to allow disease to spread. Such animals should not attend the fair, show or exposition. Animals may be denied entry if they arrive at these events with contagious or infectious diseases, isolated and/or removed if they develop disease after arriving, or be subject to other action as would be

necessary to control disease such as removed immediately, quarantined or slaughtered.

Cattle affected with ringworm, warts, mange or scab may not be exhibited, unless the veterinarian in charge determines the ringworm lesions or warts are inactive and incapable of transmitting the disease. Any cattle found with ringworm, warts, mange or scab that are active shall be removed from the premises of the fair.

CATTLE AND BISON

Cattle originating from within Wisconsin

There are no test or health document requirements for Wisconsin cattle. However, fair management is responsible for maintaining records of persons who have exhibited at the fair, the livestock premises code, if any, and the identification of animals shown for 5 years. Acceptable forms of animal identification for breeding animals are (1) an official metal ear tag, (2) a breed registration number, (3) a breed registration tattoo, (4) other identification approved by the department, or farm ear tag. For steers, either an official ear tag or the identification applied at weigh-in may be used. Entry blanks submitted and signed by exhibitors, including one of the forms of identification listed above will fulfill the exhibitor requirements. The fair's records of animals shown and exhibited are to be retained in case these are needed for disease tracing purposes.

Cattle originating from outside Wisconsin

A Certificate of Veterinary Inspection shall accompany all cattle documenting animal identification (see above) and all tests or certifications required. Animals must have at least one form of official individual ID (including steers). Animals must meet normal Wisconsin requirements for interstate movement. All dairy animals must have an individual ID. Acceptable forms of identification are: USDA metal ear tag (brite tag), 15-digit "840" tags, manufacturer-coded RFID tag, American ID tag (8-12-digit number prefaced with "USA"), breed association tattoo that is specific to that animal or regular ear tag.

All Dairy exhibitors need to include a Dairy Information Entry Form, which is included in this book for each animal entered. This information is needed to maintain the state-required animal ID records and can be used to produce the show program.

If an exhibitor has sold an animal previously at auction and attempts to sell it again, the exhibitor will not be allowed to sell any animal.

26) Contact the Columbia County U.W. Extension Office for State Fair regulations and identification dates.

SALE ETIQUETTE

It is not the responsibility of anyone to buy an animal at the auction, but it is a privilege for the exhibitor to have someone buy it. With that in mind, exhibitors should **never harass, complain or jeopardize** a potential buyer in any way. It is also the exhibitor's responsibility to thank the person or business that purchased their animal. A personalized thank you note to the livestock buyers is appropriate.

Many times exhibitors ask people to purchase their livestock at the auction. This practice is okay, but caution must be taken. Keep the following points in mind:

- Never jeopardize a friendship during the auction.
- Never solicit one person or business to bid against someone else.
- Always be courteous to bidders for attending the auction, they may purchase animals in the future.

A county or district fair may establish one or more classes of horse and pony exhibits for each category identified under pars. (a) to (f). A county or district fair may establish separate classes under each paragraph based on criteria listed under that paragraph. A county or district fair shall use the Danish judging system for all entries in showmanship and equitation classes under par. (a) and (b), and the regular judging system for entries in all classes under pars.(c) to (f). No exhibitor may enter more than 2 animals in all classes established under this subsection.

GENERAL RULES

- The general rules and guidelines of the State 4-H Expo will apply to this show except in the case of sharing horses. Two members may share the same horse at the county level. If the members are not in the same immediate family (brother or sister) only one member can choose to show for premiums. The other member will be showing for ribbons and trophies ONLY. The appropriate forms will need to be filled out the day of the show. If the members sharing the horse are siblings they may both show for premiums. A horse may not compete against itself. This means the horse may not compete in the same class with two different exhibitors.
- When showing at the State 4-H Horse Expo members cannot share a horse if they are not in the same immediate family. This means if you share a horse with another member and you are not a sibling (brother or sister), and if you both qualify for the State 4-H Horse Expo, only one of you will be able to attend. Siblings sharing a horse may share that horse at the State 4-H Horse Expo however; a horse may not compete against itself. This means the horse may not compete in the same class with two different exhibitors.
- Hard soled boots are required in all classes.
- NO exhibitor may show more than TWO horses in each show.
- Project animals must be identified to the Columbia County 4 – H Horse Council by the date announced on current year schedule. This includes: ID form for each horse, a current year negative coggins for each horse, release of liability, and current years dues.
- The grade of exhibitors and age of horse are determined as

of January 1 of the exhibit year.

- No stallion over one year of age can be exhibited.
- Any horse showing evidence of poor health will be removed from the fair grounds at the discretion of the horse show committee.
- It is the responsibility of each exhibitor to keep their area clean. Make sure you clean up around your trailer before leaving any function.
- For a Horse member (FFA, 4-H, horseless, etc.) to exhibit in the Columbia County Pleasure Show, they must follow the general rules, pleasure and speed rules, which include **"Member in Good Standing"** requirements for that current project year. All rule books and requirements are listed on the following web site: www.uwex.edu/ces/cty/columbia/
- Exhibitors with a complaint should register the complaint with the Columbia County 4-H Horse Council. Any PARENT voicing objections during the show will disqualify their child from participating.
- Horses are to be ridden ONLY in the exercise area or show ring. Horses are NOT to be ridden around or through the cattle barns or anywhere on the fairgrounds except as stated.

- **Pony Exhibitors** – if shown as a pony, then can be entered into "Pony any age lot". If shown in "Exhibitors Grade" lot, then CANNOT be shown in "Pony any age lot." This rule applies for both the Pleasure Show and Speed Show. Exhibitors showing a pony may enter any non-premium class.
- **Draft Exhibitors** – if shown as a draft, then can be entered into "Draft any age lot". If shown in "Exhibitor Grade" lot, then CANNOT be shown in "Draft any age lot". Exhibitor showing a draft may enter any non-premium class.

- The above rules regarding pony, draft, miniature horse, donkey and mules are based on the State 4H Horse Expo rules. If you are considering showing at the State 4H Horse Expo please follow these rules carefully as it will determine what classes you show in at the state show. For example: If you win your qualifying blue in pony showmanship at the county fair you must enter pony showmanship at the State 4H Horse Expo. **NOTE: At the State 4H Horse Expo once you have entered a pony division you must remain in the pony division for the entire show.**
- **HORSELESS HORSE MEMBERS** – Please read the "Horseless Horse Guideline Rules" in your Handbook. All general rules regarding helmets, boots, ID forms, coggins, and safety rules apply to horseless horse members.
